EDUCATION

B.Tech., Artificial Intelligence and Data Science *2022 – 2026*

Dhirajlal Gandhi College of Technology, Salem, Tamil Nadu | CGPA: 8.09 / 10

HSC & SSLC — Model School Pennagaram, Chinnampalli

HSC: 78.5% 2021 – 2022 | SSLC: 89.6% 2019 – 2020

TECHNICAL SKILLS

- **Languages:** Python, SQL
- **Database:** MySQL
- **Libraries and Tools:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Google Colab, Jupyter Notebook, VS Code, PyCharm, Streamlit, Git/GitHub, Power BI, Tableau, Microsoft Office, Advanced Excel, MySQL CLI, MySQL Workbench.
- **Statistics & Analytics:** Statistics(Descriptive and Inferential), Probability, Covariance, Correlation

PROJECTS

Banking Transaction Database *MySQL, GitHub*

- Designed a 7-table relational schema with an atomic fund-transfer stored procedure (row-level locking), audit-logging triggers, and analytical queries using window functions and conditional aggregation.

Email Thread Summarization *Python, Transformers, BART, Streamlit, Tkinter*

- A web app that turns long email threads into short summaries, so the key points are clear at a glance.
- Extracts the subject line and shows word counts with the percentage reduction.
- Built as a Streamlit web app, plus a desktop version in Tkinter.

Crop Yield Predictor *Python, Streamlit, Pandas*

- Built an interactive web app that gives farmers and researchers quick, reliable crop yield predictions from input data.

INTERNSHIP EXPERIENCE

Data Analytics with AI — TAP Academy ***June 2026 – Present***

- Currently learning Python, MySQL, Numpy, Pandas, Matplotlib, Seaborn, Statistics, Probability, Excel(Basic and Advanced), PowerBI and Tableau as part of Data Analytics with AI.
- Building foundational programming skills to support data analysis and AI-driven projects.

AI/ML Intern — Apex Seekers ***July 2025 – August 2025***

- Gained hands-on exposure to core machine learning concepts, data handling, and model evaluation using Python.
- Worked with NumPy, Pandas, Matplotlib, and Scikit-learn to build and deploy beginner-level AI/ML projects on Streamlit Community Cloud.

Data Analytics using Python Intern — Mikrosun Technology ***August 2024 – September 2024***

- Analyzed datasets using Python to extract insights and support data-driven decisions.
- Used Pandas, NumPy, and Matplotlib for data processing, visualization, and reporting.

CERTIFICATIONS

- Microsoft Certified: Azure AI Fundamentals (AI-900)
- NPTEL – Design Thinking – A Primer
- Generative AI for Everyone — DeepLearning.AI (Coursera)
- Python for Data Science, AI & Development — IBM (Coursera)
